About The Book

To be the best doctor you can be, you need the best information. For more than 95 years, Goldman-Cecil Medicine has been the authoritative source for internal medicine and the care of adult patients. Every chapter is written by acclaimed experts who, with the oversight of our editors, provide definitive, unbiased advice on the diagnosis and treatment of thousands of common and uncommon conditions, always guided by an understanding of the epidemiology and pathobiology, as well as the latest medical literature.

- More than 400 chapters authored by a veritable "Who's Who" of modern medicine
- A practical, templated organization with an emphasis on up-to-date, evidence-based references
- New chapters on Population Health, Effects of Climate Change on Health, Bradycardias, Transgender Medicine, Whipple Disease, COVID-19 Virology and Pathology, COVID-19 Epidemiology/Clinical Manifestations/Diagnosis/Community Prevention/Prognosis, COVID-19 Treatment and Vaccination, Polyomaviruses, and more
- Thousands of algorithms, figures, and tables that make its information readily accessible
